Subject Index

Acacia
Competition in the early establishment phases of an even aged mixed plantation of *Leucaena leucocephala* and *Acacia nilotica* 213
The effect of *Caryedon serratus* Olivier (Col., Bruchidae) on viability and germination of seeds of *Acacia nilotica* (L. Willd. ex Del.) in the Sudan 169
Acid forest soils
Nitrogen cycling in acid forest soils subject to increased atmospheric nitrogen input 29
Agroforestry
Poplar agroforestry: a re-evaluation of its economic potential on arable land in the United Kingdom 85
Atmospheric nitrogen input
Nitrogen cycling in acid forest soils subject to increased atmospheric nitrogen input 29
Carbohydrate reserves
Effects of cutting frequency and cutting height on reserve carbohydrates in *Gliricidia sepium* (Jacq.) Walp. 45
Caryedon
The effect of *Caryedon serratus* Olivier (Col., Bruchidae) on viability and germination of seeds of *Acacia nilotica* (L. Willd. ex Del.) in the Sudan 169
Clearcutting
Tree species richness increased by clearcutting of northern hardwoods in central New York 71
Clones
Inoculation of *Eucalyptus marginata* Donn ex Sm. (jarrah) clones with *Phytophthora cinnamomi* Rands in vitro and under glasshouse conditions 115
Competition
Competition in the early establishment phases of an even aged mixed plantation of *Leucaena leucocephala* and *Acacia nilotica* 213
Effects of competition from young northern hardwoods on red pine seedling growth, nutrient use efficiency and leaf morphology 233
Coppicing
Effects of cutting frequency and cutting height on reserve carbohydrates in *Gliricidia sepium* (Jacq.) Walp. 45
Deforestation
Rates and patterns of deforestation in the Philippines: application of geographic information system analysis 1
The economic role of wood products in tropical deforestation: the severe example of Malawi 283
Dialium guineense
Seed pretreatment methods to improve germination of the multipurpose West African forest species *Dialium guineense* 257
Dipterocarp
The effect of fertilizer application on dipterocarp seedling growth and mycorrhizal infection 329

Economics
Poplar agroforestry: a re-evaluation of its economic potential on arable land in the United Kingdom 85
The economic role of wood products in tropical deforestation: the severe example of Malawi 283
Eucalyptus
Comparisons of growth of *Eucalyptus camaldulensis* from seeds and tissue culture: root, shoot and leaf morphology of 9-month-old plants grown in deep sand and sand over clay 125
Inoculation of *Eucalyptus marginata* Donn ex Sm (jarrah) clones with *Phytophthora cinnamomi* Rands in vitro and under glasshouse conditions 115
Fen
Relationships between soil characteristics and yield for Norway spruce on fen peat in central Ireland 61
Fertilizers
The effect of fertilizer application on dipterocarp seedling growth and mycorrhizal infection 329
Geographic information system
Rates and patterns of deforestation in the Philippines: application of geographic information system analysis 1
Germination
Effect of seed size on germination and seedling vigor of *Virola koschnyi* Warb. 275
Seed pretreatment methods to improve germination of the multipurpose West African forest species *Dialium guineense* 257
The effect of *Caryedon serratus* Olivier (Col., Bruchidae) on viability and germination of seeds of *Acacia nilotica* (L. Willd. ex Del.) in the Sudan 169
Gliricidia sepium
Effects of cutting frequency and cutting height on reserve carbohydrates in *Gliricidia sepium* (Jacq.) Walp. 45
Growth
Comparisons of growth of *Eucalyptus camaldulensis* from seeds and tissue culture: root, shoot and leaf morphology of 9-month-old plants grown in deep sand and sand over clay 125
Effects of straw and black plastic mulching on the initial growth and nutrition of butternut, while ash and bur oak 17
Hardwoods
Effects of competition from young northern hardwoods on red pine seedling growth, nutrient use efficiency and leaf morphology 233
Effects of straw and black plastic mulching on the initial growth and nutrition of butternut, white ash and bur oak 17
Hexazinone treatment
Species composition in two boreal mixedwoods before and 10 years after hexazinone treatment for establishing underplanted *Picea glauca* (Moench) Voss 201
Humus profiles
Litter decomposition and nutrient distribution in humus profiles in some mediterranean forests in southern Tuscany 99
Inoculation
Inoculation of *Eucalyptus marginata* Donn ex Sm. (jarrah) clones with *Phytophthora cinnamomi* Rands in vitro and under glasshouse conditions 115
Jarrah
Inoculation of *Eucalyptus marginata* Donn ex Sm. (jarrah) clones with *Phytophthora cinnamomi* Rands in vitro and under glasshouse conditions 115

Leaf litter
Litter decomposition and nutrient distribution in humus profiles in some mediterranean forests in southern Tuscany 99
Leucaena
Competition in the early establishment phases of an even aged mixed plantation of *Leucaena leucocephala* and *Acacia nilotica* 213
Mahogany shoot borer
The mahogany shoot borer: prospects for control 301
Mediterranean forests
Litter decomposition and nutrient distribution in humus profiles in some mediterranean forests in southern Tuscany 99
Mixed plantation
Competition in the early establishment phases of an even aged mixed plantation of *Leucaena leucocephala* and *Acacia nilotica* 213
Mulching
Effects of straw and black plastic mulching on the initial growth and nutrition of butternut, white ash and bur oak 17
Mycorrhizal mycoflora
The influence of nitrogen fertilisers on ectomycorrhizas and their fungal carpophores in young stands of *Pinus sylvestris* 179
Natural forests
Survey of *Tillandsia recurvata* L.: preference, abundance and its significance for natural forests 161
Nitrogen
The influence of nitrogen fertilisers on ectomycorrhizas and their fungal carpophores in young stands of *Pinus sylvestris* 179
Nitrogen cycling
Nitrogen cycling in acid forest soils subject to increased atmospheric nitrogen input 29
Nutrient use efficiency
Effects of competition from young northern hardwoods on red pine seedling growth, nutrient use efficiency and leaf morphology 233
Nutrition
Effects of straw and black plastic mulching on the initial growth and nutrition of butternut, white ash and bur oak 17
Pest control
The mahogany shoot borer: prospects for control 301
Picea
Relationships between soil characteristics and yield for Norway spruce on fen peat in central Ireland 61
Species composition in two boreal mixedwoods before and 10 years after hexazinone treatment for establishing underplanted *Picea glauca* (Moench) Voss 201
Pinus
Effects of competition from young northern hardwoods on red pine seedling growth, nutrient use efficiency and leaf morphology 233
Plantlet regeneration in chir pine (*Pinus roxburghii* Sarg.): morphogenesis and histology 141
The influence of nitrogen fertilisers on ectomycorrhizas and their fungal carpophores in young stands of *Pinus sylvestris* 179
Plantation inventory
Sampling precision of plantation inventory in South Australia 191

Plantlet regeneration
Plantlet regeneration in chir pine (*Pinus roxburghii* Sarg.): morphogenesis and histology 141
Poplar
Poplar agroforestry: a re-evaluation of its economic potential on arable land in the United Kingdom 85
Productivity
Relationships between soil characteristics and yield for Norway spruce on fen peat in central Ireland 61
Regeneration
Plantlet regeneration in chir pine (*Pinus roxburghii* Sarg.): morphogenesis and histology 141
Tree species richness increased by clearcutting of northern hardwoods in central New York 71
Sampling precision
Sampling precision of plantation inventory in South Australia 191
Seed pretreatment methods
Seed pretreatment methods to improve germination of the multipurpose West African forest species *Dialium guineense* 257
Seedling growth
Effect of seed size on germination and seedling vigor of *Virola koschnyi* Warb. 275
The effect of fertilizer application on dipterocarp seedling growth and mycorrhizal infection 329
Seeds
Comparisons of growth of *Eucalyptus camaldulensis* from seeds and tissue culture: root, shoot and leaf morphology of 9-month-old plants grown in deep sand and sand over clay 125
Effect of seed size on germination and seedling vigor of *Virola koschnyi* Warb. 275
The effect of *Caryedon serratus* Olivier (Col., Bruchidae) on viability and germination of seeds of *Acacia nilotica* (L. Willd. ex Del.) in the Sudan 169
Species composition
Species composition in two boreal mixedwoods before and 10 years after hexazinone treatment for establishing underplanted *Picea glauca* (Moench) Voss 201
Tillandsia recurvata
Survey of *Tillandsia recurvata* L.: preference, abundance and its significance for natural forests 161
Tissue culture
Comparisons of growth of *Eucalyptus camaldulensis* from seeds and tissue culture: root, shoot and leaf morphology of 9-month-old plants grown in deep sand and sand over clay 125
Tree species richness
Tree species richness increased by clearcutting of northern hardwoods in central New York 71
Wood products
The economic role of wood products in tropical deforestation: the severe example of Malawi 283
Yield prediction
Relationships between soil characteristics and yield for Norway spruce on fen peat in central Ireland 61
